Purpose Key:

AM Amendment  
MD Modification

RM Renewal/Modification  
RO Renewal Only

The following information is intended to help interested parties transition to the Public Notice formats we will be using under the Universal Licensing System (ULS). At this point, applications in the following services are being processed via ULS and will be listed on the "Market-based" Public Notices: PCS, WCS, and post-auction licensing of 800 MHz SMR (upper 200), LMDS, and 200 MHz. Normally, applications accepted for filing and actions taken Monday through Friday of each week will appear on a ULS Public Notice the following Wednesday.

Below are some specific changes we'd like to point out.

There is no longer a special designation for applications involving an Environmental Action. As a practical matter, however, PCS and WCS applications with purpose = MD (modification) always involve environmental assessments.

Feel free to contact our Licensing Support Team at (202) 418-7ULS or via email at [bwoodwar@fcc.gov](mailto:bwoodwar@fcc.gov) if you have further questions.
